C COMPANY OF TEMPE  
LARGEST IN 8 YEARS

Over Half Hundred Men Signed for  
Trip—Will be Ready for Start  
Tomorrow Morning

Company C of Tempe will take more men to camp this year than any one time since 1908 according to a count of the enlisted members that was taken last evening. An even half hundred fellows have signed for the tour and now the armory where the fellows are outfitting themselves is the busiest place ever. Uniforms have been issued and the appearance of the olive drab and khaki on the streets reminds the onlooker much of actual warfare.

Captain A. J. Mullen said yesterday that Company C was in the prime of condition for the tour. The extra number of men this year will give the organization a strong start and the consistent drilling the fellows have gone through has well acquainted them with the actual duties of camp life. Close order and extended order have been worked into tip top shape and some time has been spent in the study of the routine of camp work.

That C company will show up well at the Garden Canyon camp this year is certain. Outside of the organization work there are eight or ten of the crack riflemen of the company who have gained the expert records and who may remain after camp is struck to try out for the state rifle team.

## MILLION DOLLAR PICTURE

The "Twenty Million Dollar Mystery" serial will be seen in the second installment at the Goodwin Airdome as the lead attraction of this evening's picture show. It will be run in two reels, "Coal of Fire," "The Coal Pits," a Keystone comedy and one other reel are also to be run on this evening's bill.

## HOME FROM LOS

Mr. and Mrs. C. W. Alexander and children, returned to the valley yesterday morning from Los Angeles. It was just two months ago they took their leave and during the course of their absence they visited much of southern California, particularly about Long Beach, Los Angeles and the San Diego exposition.

## TONTON CELEBRATION

Linn Martin returned night before last from the Tonto Basin country where he was one of the interested participants in the grand celebration on the third and fourth of this month. The occasion is an annual event with the up country cattlemen and sports of all kinds are indulged in. Martin says that the best time ever was enjoyed and that there was some sort of sport on tap every minute of the two day celebration.

## WHITE IS DISCHARGED

The case of E. M. White, charged with perjury, was dismissed from trial when taken before Justice Parker of Phoenix yesterday morning. White recently appeared on the witness stand when R. S. Garrison sued J. E. Price for wages due him, and as an outcome to the case, though Garrison was allowed his wages he accused White of perjury and brought the case to a hearing before the Phoenix justice. Judge Parker listened to a brief cross examination and dismissed the proceedings from court.

## NUTT GOES HOME

A dispatch from the Salt Lake City Telegram of August 4 says: "Johnny Nutt has gone to his home at Waverly, Kansas. Before leaving he signed a 1916 contract with the News." Baseball fans of Tempe have been considerably interested in Nutt's admission to the larger league and though he has been released for the remainder of this season.

FARMERS SEE BENEFIT  
IN NEW ORGANIZATION

Not the Least of Which Will Be a  
Possible Better Market

There will be an important meeting tomorrow afternoon at 2 o'clock at the Mesa opera house, for the purpose of electing officers, adopting a constitution and by-laws and otherwise completing the newly organized association of farmers. There will be a talk on the extermination of the Harvester ant, by Farm Advisor J. A. Armstrong and the meeting will be interspersed with several musical selections. Co-incident with the announcement of the forming of the organization there has been as to what can be accomplished by an organization of the kind proposed? It may be said that in connection with the work that the department of farm extension and the farm advisor in being of assistance to the farmer, inquiries have already commenced to be received through these sources, for products of the valley.

Through the organizing of the farmers and the known quantity of the various products grown in the valley each season, the method of disposal of a great many of the crops can be greatly facilitated. This however, is only one of the better conditions which can be realized by an organization of this kind.

## NO FENCE DISTRICT

The inconvenience to which many of the farmers have been put of late because of the increased numbers of stray stock, has been instrumental in the drafting of a petition for a No Fence District, the boundaries of which are as follows: On the east by the Eastern canal, on the north by the no fence district of Lehl, and on the south, a mile to the south of Gilbert. The petition is now at the Wilbur Realty company's office and all who live within the boundaries described who are desirous of securing the no fence district are requested to come there and place their signatures to the petition.

## "ATLANTIS" AT MAJESTIC

The film sensation of two continents "Atlantis" is the special attraction at the Majestic today. This photodrama, which is in six acts, is from the world-famous novel by the same name from the pen of Gerhart Hauptmann. The sinking of a big ocean liner in mid-ocean, the scenes during the panic and rescue which followed, the streets of New York and of Berlin, the snow-clad mountains beyond the Canadian border, are included in the many scenes of the play. The attraction will be shown at the matinee as well as the evening performances.

## CHARLIE CHAPLIN TOMORROW

The favorite of all comedians, Charlie Chaplin, will be one of the attractions at the Majestic tomorrow. Theatergoers all know that when Charlie is on hand, that fun will be plentiful.

## THREATENED WITH TYPHOID

Mrs. A. T. Kilgus is ill at the James Wallace ranch east of town, having been sick for the past week with an attack which threatened typhoid. Her condition is now reported to be improved.

The Mesa Vulcanizing Works have been moved from their former location on West First avenue to the room in the Winger building, just west of the Wells Fargo Express office.

S. L. Gladise of Osceola, Ark., is here visiting with Mr. and Mrs. R. A. Kingsbury.

It is interesting to note that he will be back in a Salt Lake City uniform when the training season opens next spring. There are some of Nutt's best friends in Tempe who think he will drift back here this fall to spend the winter months.

## DOWN FROM PAYSON

Will Carpenter and Johnny Chilson of Payson are in the valley for a few days attending to business interests.

STRAYED—Red cow, slight brindle, dehorned, left in left ear and undercarriage in right ear. Liberal reward for return to Pacific Creamery Company Tempe—adv.

News has been received here of the birth to Mr. and Mrs. Ray Saylor in Santa Ana, California, of a baby daughter.

N. P. Carlson, one of the thrifty Chandler ranchers was in Tempe yesterday afternoon. He has recently threshed a quantity of alfalfa seed and says that it has averaged over two hundred pounds to the acre. Last year he succeeded in getting a second crop of the seed and he hopes to do as much this season.

Ms. Floyd Cherry and children have departed for Los Angeles where they will summer until the middle of next month.

bury, being a brother of Mrs. Kingsbury. He has been visiting both of the expositions on the coast, and is now on his return trip home. He left for Osceola yesterday afternoon.

C. T. Washburn, whose recovery from his recent illness has been progressing slowly has gone to Long Beach in the hope that the change of climate will prove beneficial. He was accompanied by his sister, Mrs. George Pickett.

J. D. Moss had his right wrist dislocated Thursday evening, while trying to crank up a Studebaker car which he in company with his partner, E. C. Krammer had recently purchased. A back fire threw the crank violently against his wrist and while no bones were broken it will be some time before he will be able to use his right hand.

Rev. E. C. Forsyth, pastor of the Baptist church has gone to the coast for a short vacation and rest. Until he returns there will be no preaching services at the Baptist church.

## AMUSEMENTS

## Riverside Notes

Saturday at Riverside is the big night of the week. It is then, with a whole day of rest ahead of them, that the young idea seems particularly to enjoy itself and the swimming pool, dancing pavilion, and picture show are all filled to the limit. Incidentally the night swimming is becoming tremendously popular. There is nothing so conducive to a good night's sleep and the water seems even more attractive after the nightfall than during the day time.

A complete change of program will be found at the picture show tonight and every reel is a good one.

The park restaurant is an ideal place for the Saturday night meal and no better eating can be found in the state. The best part of it is that prices are universally reasonable. The restaurant itself is delightfully cool and attractive.

Hobart Bosworth at the Arizona "Help Wanted," the Paramount feature from the Morocco studios proved to be an exceptional offering at the Arizona last night. Lois Meredith in the title role is surrounded by such stars as Hobart Bosworth, Owen Moore, Adele Ffarrington and others of equal fame. The story is a pleasing one, showing a love romance between the stenographer and son of a wealthy broker. "Help Wanted" will be shown tonight for the last time with Mrs. Leslie Carter in "The Heart of Maryland" for the new bill tomorrow.

Double Feature at Empress "The Little Deceiver," with that very clever little actress, Edna Mayo and the well known Richard C. Travis, made quite a hit at the Empress last evening. It is one of the prettiest stories that has been pictured lately and shows how the pure, simple love of a child melts and remoulds the stern, hardened heart of an old miser. The Hearst-Selig Weekly is very interesting this time as there are so many views of current events. The mythical side of the program is a good one. The Vitaphone comedy, with Kate Price, Anna Laughlin, Nicholas Dunaw, Charles Eldridge, and Hughie Mack, received lots of applause and caused many good laughs. Last, but by no means least, the famous English music hall comedian, Idley Reeves, appears in "The New Butler" and then the roar begins and continues through the whole reel. For a well diversified program this is splendid.

## The Last Concert

The Lion patrons were considerably surprised yesterday at the excellence of the motion picture, "The Last Concert" which will appear there again today as the Saturday program. While it was known that this picture had been substituted at the last minute by the Mutual company because of inability to supply "Her Shattered Ideal" it was thought that probably the picture might fall below standard, simply because it was a filler. This however was not proven to be the case. It is really a good picture in all that the name implies. The scenery is fine, the settings are good and the acting excellent. In fact some of the leading Thanhouser actors and actresses appear in the picture. The work of Minnie Berlin, a beautiful girl as the daughter of the old violin player is especially worthy of praise while Ellis F. Glickman gives an example of old manhood that is itself a charm and a wonder.

## The Plaza

Today the seventh installment of the Master Key is the Plaza's chief attraction. This week Jean Darnell and Harry Wilkerson again try to get the deeds to the Master Key Mine but through the clever work of Ruth Gallon and John Dorr, and the unexpected arrival of Tom Kane, the old mine cook, they are at least partially unsuccessful in their attempts. This Master Key is one of the most popular serials ever produced by the Universal company and contains thrills enough in each installment to satisfy the ordinary mortal. Ethel Grandin in a comedy drama entitled "War at Home" and two good comedies complete the program. Tomorrow "Dante's Inferno," a wonderful five reel production, will be the feature.

## The Lamara

The management of the Lamara theater will run a diversified program at that popular house today. Most of the program comes from the Universal company and it is excellent in its entirety, but, as if to add an already good thing, Mr. Barnard secured a Charles Chaplin comedy, "The Masqueraders" to supplement the picture and as an added attraction. "The Masqueraders" is known as one of the most successful exploits of the prince of knockabout picture comedians and has been seen again with little doubt, as the Lamara both today and tomorrow. Saturday programs are becoming a specialty at the Lamara and the many patron of the house can always be sure to see an excellent program on the last day of each week.

INCREASING DEMAND  
FOR POPULAR DRINK

Boyce & Creech have been doing a good deal of business in the Phoenix. Within a few months they have distributed thirteen car loads of Hopski. Said Mr. Boyce yesterday: "Blossoming out in popularity faster than its manufacturers ever dreamed of, the demand for Hopski has shattered all records and it is conservative to estimate that over two million people are now drinking it. Just sixty days after Hopski was first introduced, it was reported that over one million people had then indulged it and at that time it was predicted by the manufacturers of Hopski that within another sixty days, over two million people will have endorsed their drink. But so enormous has been the demand for Hopski that the two million mark was attained within forty days of its prediction."

"The fact that Hopski effectively quenches the thirst and is unlike any other soft drink known, accounts in a degree for this unprecedented popularity. It has 'body' to it; it has in its preparation nothing but nutritious ingredients which insure its healthfulness and wholesomeness. In fact, Hopski is far more salubrious than soft drinks which are highly carbonated and contain chemical syrups. It is said the properties of Hopski make brawn and muscles as it contains a high percentage of the extract of cereals and cereals—cooling and invigorating in its effect and extremely pleasing to the taste."

"The comprehensive distribution of Hopski has made it possible for people throughout Southern California and Arizona to be able to obtain and enjoy it, and the two million mark reached in so short a time is a really significant of the great hit it has made."

## 1915 HORTICULTURE

"How many heads of live stock you got on the place?" "Live stock?" echoed the somewhat puzzled farmer. "What d'ye mean by live stock? I got four steam tractors and seven automobiles,"—Judge.

NOTICE OF BOND ELECTION OF  
ELECTRICAL DISTRICT NUMBER ONE  
OF THE COUNTY OF MARICOPA, ARIZONA.

Notice is hereby given that an election will be held in Electrical District Number One, of the County of Maricopa, Arizona, on the 1st day of September, 1915, under the provisions of House Bill Number 99 entitled AN ACT providing for the formation of electrical districts in the various counties of the State, the organization thereof, the election of officers, the raising of revenue providing for the erection of transmission lines, defining the powers and duties of trustees and providing for the issuance of bonds, as passed by the Second Legislature of the State of Arizona and approved March 22, 1915, for the purpose of determining for or against the issuance of the bonds of the said Electrical District Number One, of the County of Maricopa, Arizona, in the sum of One Hundred Thousand Dollars, in the denomination of Five Hundred Dollars each.
